## About Us

The Greater Kokomo Economic Development Alliance launched Howard County's first public coworking space — The Shared Drive — in October 2015 with a clear mission: to provide entrepreneurs with professional, affordable workspace and business amenities. Whether you're a remote worker, a start-up visionary, or a small business owner ready to grow, The Shared Drive offers the ideal environment to thrive.

Our 3,000-square-foot space offers a professional environment for meeting with clients, networking with other entrepreneurs, and getting work done in a more private, peaceful setting than a library or coffee shop.

## Why Choose Us

✓ Access to vital equipment

High-speed fiber internet and wireless access, plus print, fax, and scan capabilities to keep work flowing.

✓ Support, space and services

Access expert business development counseling, conference rooms and dedicated mailbox space (at an additional cost).

✓ Support, space and services

Get professional workspace for just \$40/month (\$440/year) or \$30/month for students (\$330/year).
